Annual PACA Luncheon

The PACA Luncheon was held on January 23, 2019 at the Birmingham Botanical Gardens. The guest speaker was Michael Jones, Director of Purchasing, State of Alabama. Mr. Jones' presentation focused on the State of Alabama procurement process. The Division of Purchasing, Department of Finance is established by statute (Code of Alabama, 1975 , §41-4-110-15 as amended) and is under the direction of the State Purchasing Agent (State Purchasing Director). The division purchases all personal property and nonprofessional services, except alcoholic beverages, for all State departments, boards, bureaus, commissions, agencies, offices and institutions. The division is also responsible for making and supervising the execution of all contracts and leases for the use and acquisition of any personal property and nonprofessional services. Mr. Jones made available to the group a list of active state contracts available for use by other entities. PACA would like to thank Mr. Jones for taking time out of his busy schedule to participate in our annual luncheon.

**Thank you to the following vendors
for helping to make our luncheon a success!**

MEMBER SPOTLIGHT

Leeds Board of Education

EXCITING NEWS!!!!

Leeds High School

was selected as a

2018 Council for Leaders in Alabama Schools (CLAS) "School of Distinction!"

As one of 24 schools selected statewide from 160 applicants, LHS received this recognition because of the success of our GOALS (formerly AVID) program. CLAS recognizes successful programs throughout the state yearly, and it is truly an honor for our GOALS program to be recognized as an example for others statewide. Kudos to the LHS Faculty and especially to Mrs. Thomas, Ms. Kirkpatrick, Mr. Porter, and Mr. Thomas for their hard work and commitment to our GOALS program! #rollgreenwave

To provide innovative, world class procurement services to the Jefferson County Commission, its constituency, and public entities in the State of Alabama; to be an example of public procurement excellent for government organizations across the United States.

Cleaning for Your Workplace

The cold months can unfortunately drag a lot of unwanted things into the office. That's why we've put together some winter cleaning tips to help keep the workplace / office clean. Keeping your office clean and sanitized helps with employee productivity and health.

Winter weather can bring contagious colds and flu that will spread throughout the office. Non-toxic cleaning products and disinfectants can be used to wipe down tables, chairs, door handles, shared spaces, and workstations. Wiping down these areas daily helps keep employees healthy.

Be sure to regularly sweep, mop and vacuum office floors. This will not only keep the office from becoming dirty and unappealing, but will also help eliminate germs.

For entryway keep floor mats or rugs near doors and to catch inevitable dirt, foliage or wetness that may be carried into the office . This will prevent people from slipping or leaving unwanted footprints on the floors.

Lastly, by following these winter cleaning tips, you can keep your office health, safe, and productive during the cold months.

COUNTY MANAGEMENT & FINANCE

Tony Petelos, County Manager

John Henry, Chief Financial Officer

Michael Matthews, Purchasing Agent

Dorothea Pruitt, Purchasing/PACA Coordinator

JOINT BIDDING

How To Request A Joint Bid

Contact the PACA coordinator at least 60 days in advance of the need date and submit any specifications you may have. The Coordinator will send out a joint bid poll to see if other entities are interested in participating in the bid. If you already know other members who will be participating in the bid, send the names to the Coordinator, this will speed up the process. If enough interest is obtained the bid will be assigned to a principal buyer within the Purchasing Division to create the bid. The principal buyer will communicate with all interested participants to further define the specifications and all other aspects of the bid.

DO YOU NEED OFFICE SUPPLIES?
