Our Pledge to PACA Partners & Vendors

We are committed to providing the highest degree of service to both our partners and our awarded vendors.

We are “Alabama Focused” – meaning we support local vendors.

Dollars spent locally generate additional economic activity even beyond the value of the initial contract, as the local supplier in turn sources goods and services.

Each additional dollar that circulates locally boosts local economic activity, employment, and ultimately, tax revenue.

Contract Dates: 10/01/2021 – 09/30/2022
Ericka Andrew, Buyer**

Flowers is experiencing issues with producing the 51% Whole Grain K12 bread that is beyond their control. They anticipate this will be the norm for the 2022-23 school year. Their goal is to ensure the PACA schools receive the 51% whole grain all year, but there may be times when they are out of this product and will substitute white bread to fill your orders.

“We Want to Hear From — YOU”

We want to know your product needs and how vendors are performing. From time to time, you will get a survey from us.

Please take the surveys.

They are short and we need your feedback to improve the bids and quality of products & services you receive.

So, when you see

“Survey Monkey”,
take a little time and let us know how we are doing!

Important Reasons to Conduct Online Surveys

Get Feedback

- Surveys allow us to ask customers what they honestly think about our products, services, and events. We don't know until we ask. The knowledge we gain will be invaluable to our cooperative.

Collect Data In Real-Time

- Online surveys can be sent out very fast. Once the results start coming in, we see real-time answers to our questions the second the respondent hit the submit button.

Learn from the Results

- Using surveys helps gather the information that helps make business decisions. The feedback we get from customers can guide us with future products, marketing, and organizational decisions
